

## FRANK L. RUSSELL WITHDRAWS HIS SUIT

**Circuit Court Now Engaged on Equity Cases—Grand Jury Finds More True Bills**

Circuit court is engaged on a lot of small equity cases today. The suit brought by Frank Leslie Russell against W. B. Smith and R. B. Golden, for commission amounting to about \$5,000, alleged to be due from the sale of a farm, was withdrawn by Russell without prejudice, and did not go to trial. Judge Lewis L. Walker and Hon. J. E. Robinson, of Lancaster, were here Tuesday to act for Russell in the case.

The grand jury will be back at work again Thursday. It brought in a partial report Monday, returning about a dozen indictments.

Bruce Maupin was indicted by the grand jury for killing his neighbor, Tom Oldham, at Brassfield, at a church in August.

Trigg Lane pleaded guilty to an indictment charging him with obtaining property by false pretenses in court Tuesday morning, and was sentenced to one year in the penitentiary. He was charged with obtaining \$10 worth of goods from A. Dobrowsky upon a check on the State Bank & Trust Company, with the name of M. J. Boggs signed to it.

The petit juries have been excused until October 27th.

## ALBERT K. McCOWN SEVERE OPERATION

Many friends of Mr. Albert K. McCown will be glad to know that he appears to be standing well the effects of a severe operation he underwent at a hospital in Louisville for adhesions Monday. Dr. Schachner performed the operation. Mr. McCown was accompanied to Louisville by his wife, and Mr. and Mrs. Nelson Gay, of Winchester, and Dr. H. C. Jasper, of this city. He has been a very sick man, but seems to be recovering satisfactorily.

J. W. Caperton and Judge John Goodloe. She was reared in Madison county and the remains will be brought here for interment in the Richmond cemetery.

## COAL MINERS PREPARE TO STRIKE NOV. 1

(By Associated Press)

Indianapolis, Oct. 15—John Lewis, acting President of the United Mine Workers of America today wired Secretary of Labor Wilson that he will be in Washington next Friday, for a conference on the bituminous coal mine situation. He announced, however, that in the meantime an order calling on all unions of the bituminous miners of the country to strike November 1st, will be mailed from international headquarters here to 4,000 local miners of the organization. It is said at headquarters that all preparations for a strike have been completed and the miners are ready for eventualities unless the Washington conference results in a different arrangement.

The strike order issued at noon, calls on all union bituminous coal miners of the country to "cease production of coal at midnight on Friday, October 31st, 1919." The order is signed by acting President Lewis and Secretary-Treasurer Green.

## MASTER BOMB MAKER FLEES FROM GARY

(By Associated Press)

Gary, Ind., Oct. 15—The military authorities and federal agents declared today that Alexander Ivanhoff, radical leader and chemist, formerly employed in local steel mills and alleged maker of the May Day and Chicago post office bombs, is not yet under arrest. He is being sought as the result of information said to have been given by Anton Gorski, who is under arrest. Convinced that Ivanhoff has fled, federal agents have transferred their search to Chicago where dozens of investigators are reported to be following clues. Federal troops again here today raided the homes of radical leaders, arresting 20 persons.

## Denikine Captures Orel

London, Oct. 15—General Denikine's anti-Bolshevik army has captured the important city of Orel, together with thousands of prisoners and enormous quantities of materials, it is announced today. Denikine's victory gives him a secure hold on vast stretches of territory in old Russia.

## Crowded In Chi

Chicago, Oct. 5.—Difficulty of strangers obtaining hotel accommodations in Chicago has prompted the Association of Commerce to establish a hotel bureau to provide rooms for persons without reservation. Many hotels are filled daily and some guests are turned out of rooms after occupancy of a day or two in order to meet reservations.

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

## WILSON WANTS LABOR CONFERENCE TO ACT

(By Associated Press)

Washington, Oct. 15—President Wilson will not sanction adjournment of the National Industrial Conference here until it has exhausted every possible means of finding a solution for the present industrial situation, White House officials said today. Despite his illness the President was said to have been informed of the tense situation in the conference resulting from the controversy over labor's proposal to arbitrate the steel strike. He was said to feel this should not endanger the success of the conference. Further efforts to reach an agreement will be made at group meetings today.

The capital group startled the conference by demanding that organized labor's proposal for arbitration of the steel strike be made an immediate issue. Postponement of action on the resolution had previously been agreed to by labor and the public groups and the opposition of the employers came as a surprise. The conference, however, voted to postpone action until tomorrow.

## Wilson Enjoyed Breakfast

(By Associated Press)

Washington, Oct. 15—The President had a good night's rest, enjoyed his breakfast and aside from a slight headache, continues to make improvement, the physicians' bulletin today says.

## Bad Day For Bolsheviks

Today developments from Russia are extremely discouraging to the Bolshevik regime. In addition to Denikine's progress, Gen. Yudenitch, also operating on a broad front, is reported to have smashed his way through the Bolshevik lines west and south-west of Petrograd and to be within about 50 miles of that city. Meanwhile, Kolchak's Siberian armies are improving their advantage and are now within a few miles of European Russia's boundaries. Bolshevik leaders are reported preparing to evacuate Petrograd and if their foes successful advance continues beyond Orel, it is reported they may retreat into Turkestan.

## Gompers Collapses

Washington, Oct. 15—Samuel Gompers, president of the American Federation of Labor, is confined to his home here in a state of nervous exhaustion. His temperature is 101 degrees. Doctors said it is absolutely necessary for him to remain in bed.

Gompers' illness results, labor leaders said, from months of unremitting work at home and abroad in connection with the peace treaty, the international labor congress at Amsterdam and the steel strike.

Gompers' condition early in the day was reported serious but it was later announced his temperature fell to 99.

## SWINEBROAD SELLS A BUNCH OF FARMS

(By Associated Press)

Swineboard, the Lancaster "sale wizard," continues to sell land both publicly and at private sales. On October 10th, he sold at public auction for Woods Walker and Robt. Walker the James N. Denny farm, in Garrard county of 251 acres, as follows: 64.61 acres to J. W. Palmer for \$341 per acre and 197.31 acres of unimproved land to Thomas Cotton for \$141.51 per acre, total sale, \$49,970.39, average price \$190.75 an acre.

On the 11th of October he sold for J. R. McCroskey 100 acres of land at Burgin to different parties for \$28,099.59, and was sold in different tracts and brought from \$232 to \$351 per acre. The farm and lot sale as advertised and on account of the downpour of rain at the time Swineboard just bunched the 24 acres of lots and sold them in one tract for \$351 per acre.

During the week he also sold privately for G. W. Breeding 121 acres in Boyle county, to Theo. Cotton, of Garrard county, for \$290 an acre.

Also at private sale for W. C. Wilkerson his farm in Mercer county to J. A. Devine for \$250 per acre and 35 acres to Allen Edelen at \$240 per acre.

## Bethurum And Cantrill Debate

Irvine, Ky., Oct. 15—"If Mr. Cantrill will prove that Mr. Morrow wrote a letter protesting against the pardon by President Taft of five Grant county farmers, convicted under the anti-trust laws in the United States District Court at Covington. Mr. Morrow will withdraw from the race for Governor," declared Judge B. J. Bethurum, of Somerset, replying to a challenge by Congressman J. Campbell Cantrill, of Georgetown, to Mr. Morrow to deny that he wrote such a letter. Judge Bethurum and Congressman Cantrill staged a joint debate here yesterday. Judge Bethurum denounced the Stanley administration and said: "We'll attend to Woodrow Wilson and his crowd next year!" Congressman Cantrill criticized the alleged profiteering of S. Thurston Ballard, Republican candidate for Lieutenant Governor; declared Wilson and Bradley granted more pardons than Stanley and Black, and said that expenditures which Bethurum adversely criticized were for good roads, schools, Confederate pensions and the like.

## Howard Neale Thompson Goes With Southern Motors Co.

Mr. Howard Neale Thompson, formerly of Richmond, but later making his residence in Detroit, where he has been connected with the General Motors Company for the past couple of years, has been tendered a nice position with the Southern Motors Company, Louisville. Mr. Thompson accepted the place and will enter upon his duties today. He will have exclusive charge as manager of the parts, supplies and accessory department in this progressive establishment. The position carries with it a nice increase in salary over the place relinquished by Mr. Thompson in Detroit. Mr. Thompson spent one season in Danville as special representative in the interest of the Studebaker Corporation.

It is cheaper to burn air than gas. The new Fire-pot in a Moore's Air Tight Heater forces the gas up through the coal which mixed with air in the upper dome, and is burned, saving 38 cents of every dollar spent for coal as burned in other stoves. Ask W. F. Higgins for free demonstration.

## Turkey Crop Scarce

The "national bird," the turkey will be high and scarce during the coming holidays. The shortage, according to indications, will rival the present sugar shortage. Early reports from the turkey-producing sections indicate a much reduced supply from 221 out of 330 turkey shipping points, 94 reporting shipments, about the same and only 25 predicting an increased output. This year's flocks in Texas are said to be better than the average and shipments aggregating 400 car loads are expected.

## "Flo Flo" Pleases Big House

"Flo Flo" is all that Enoch Grehan said of it and then some. It was enjoyed by a well filled house here Tuesday night. The costuming was gorgeous, especially the display of dainty things worn by girls, many of which a mere man is not expected to recognize, much less describe minutely. Miriam Mason is a dear and seems on the way to a real star's firmament. George S. Kinnear, as Simpson also stood out in his work, and Sam Howard's delineation as Isador Moser, the Jew, was such that many thought Sam a Hebrew of the Hebrews himself. Maybe he is. The work of John Ross and Andy Francis, the comedy characters de luxe, was greatly enjoyed. They always got a hand and put a lot of spice and zip into the play which helped a lot. They are real artists in many ways. "Flo Flo" is a "big league" play and not often shows of this class are seen in cities as small as Richmond.

The beauties of the costumes were not shown as fully as is possible owing to the fact that various spotlights are used for each. This requires an unusually large amount of electric current, and no warning had been given the local plant of the extra strain that would be placed on it, with the result that only a few of the lighting effects could be used.

A big majority of the members of the Madison Fiscal Court are making a clear-cut statement to the voters and taxpayers on the road question in today's Daily Register. The magistrates are doing everything in their power to put the county's roads in good condition. They must have more money, however. Madison's roads require a lot of money spent on them during the next year if they are to be made fit for travel, which many are positively not at present. It's up to the taxpayers. Other counties are voting the road tax. Other taxpayers realize that good roads are the best investment that any community can make to increase land values, and make for better conditions in the country communities. Madison must have more money spent on her roads if she is not to lag behind.

Senator Stanley is going to speak in Richmond very soon in the interest of the Democratic state ticket. A lot of Democrats as well as Republicans in this section are not any too fond of Stanley, but they should bury their prejudices for the nonce and go out to hear him. Stanley is a speaker par excellence and he will give every one who hears him something to think about. You've all heard from Morrow and others what an awful fellow this Stanley is, and it's only fair that you hear the other side of the question, that is, if you want to be fair about the matter.

Ed Morrow's principal argument is fault-finding with the Democratic administration of

Long frontage on Danville and Shakertown pike, and also Chatham pike, 1 1/2 miles, Shakertown, 3 1/2 miles, Burgin, 6 miles, Harrodsburg. Right at Shawnee Run Baptist church. "Taint no use hollerin' what you haint got." Well, we are "hollerin' in," we've got it. But we are going to sell it to you. Read this advertisement. Look at the farm. You will find our statements true.

The BEST FARM and the BEST improved farm offered for sale in Mercer county or adjoining counties this year. IMPROVEMENTS: A \$10,000 new 2 story brick bungalow, 8 rooms, 2 halls, 2 concrete porches, bath room and toilet, 4 room concrete basement, furnace, water works, electric lights, beautiful fixtures, hardwood floors french doors and windows. Built in presses, china closets, buffet, book case and refrigerator. Modern and complete in every detail. Beautiful lawn to pike with large shade trees. Three large tobacco barns (22 acres), 4 tenant houses, 1 new, good enough for ordinary residence silo, stock barns, garage and outbuildings, orchard, everlasting stock water, concrete troughs, well fenced, convenient fields and lots. Land and gently rolling and very fertile, in high state of cultivation, limestone with red soil. 175 acres in grass, 30 acres sown to wheat, 45 acres sown to rye, 85 acres in tobacco next year. No waste land. The owner has taken care of this farm in "hogging down" corn, feeds several car loads of hogs each year. No one knows what this means in added fertility.

What value to land? Location-improvement, good neighborhood proximity to schools and markets, fertility of soil, fencing, water and convenient fields, all cultivated. This farm has them all. The question will be asked, "What farm worth? What will it bring?" In my opinion it is worth \$350 the acre. This is something in new advertisements. The statement is made in order to give you an idea of the valuable farm I am offering. But remember the bidders price and remember Swinebroad "ALWAYS SELLS" without prizing or fussing of by-bids. Always a clean sale and a square deal. Liberal terms. Possession January 1, 1920. The farm will be subdivided and sold to the "High Dollar" in small tracts. Photographic views mailed on request. Kentucky. His publicity committee at Louisville is stopping at nothing. Little slips are being sent through the mail to voters each week, attacking first this and that. No attention whatever is paid to the truth or falsity of statements that are made. Fool the people and deceive them into voting for Morrow seems to be the only desire.

### The People's Opportunity

Kentuckians have never in their lives had a finer opportunity to do the state a real service than will have November 4. No candidate of any party ever measured up to a higher standard of citizenship than Governor James D. Black. A Christian gentleman, whose life has been an open book; respected and esteemed by his neighbors without regard to party; lawyer of ability and a successful business man, his candidacy should appeal to those Kentuckians who hold the welfare of the state above any party and especially to those who have fought the battles of Democracy for so many years. Governor Black has been a Democrat in a section of Kentucky where men were Democrats solely from principle. He is entitled to the vote of every Democrat in Kentucky. He should get the vote of every independent. If he does that the doom of the Republican millionaire combine is assured November 4th.

### MRS. MAY COULD NOT WORK

Made Well and Strong by  
Lydia E. Pinkham's Veg-  
etable Compound.

Columbia, Pa.—"I was very weak and run down and had dragging-down pains and pains in my back. I could not get around to do my work and had to sit down and rest often during the day. I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers and read the testimonials, so I thought I would try it. Now I am healthier than I ever was in my life, and can recommend it to any woman who suffers as I did."—Mrs. ELIZABETH MAY, R.F.D. No. 1, Columbia, Pa.

The reason Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and the letters which we are constantly publishing from women in every section of this country prove beyond question the merit of this famous root and herb medicine.

## Your Store in Cincinnati

It is only by a constant, consistent study of the public requirements, that a store can become a successful public servant.

And serving the public in these modern, and epochal times is a service, which must include a distribution of commodities, at the fairest price consistent with good merchandise.

This Store—Cincinnati's Greatest—has always served the public to the fullest extent. Right now, when there is so much seeming unrest, when the community—and country—and world are finding themselves—right now, there is justification for us to assert what thousands of people already know, that this store best fits with present day living conditions.

We are facing facts; talking facts; thinking facts. Fostering the trade of a community for twenty-two years implies an obligation. We would be breaking faith with our customers, of four States, if we did not run this Store in their interest.

People of Ohio, Kentucky, Indiana, and West Virginia, know this. We take this opportunity to reaffirm our policy—to recommit ourselves to the public.

When you come to Cincinnati, make free use of our rest room, and parcel checking desk. Ask us for what information you need about the City; its Theatres; its Stores, and its Parks.

### LODGE WEEPS OVER CHINA SOME MORE

(By Associated Press)

Washington, Oct.—Japan is building a Far Eastern Empire which will become "a peril to America" and threaten the safety of the world, Senator Lodge, of Massachusetts, the Republican leader, declared today in the Senate in urging adoption of his amendments to the peace treaty under which German rights in Shantung would be returned to China instead of being awarded to Japan.

Steadily and relentlessly, Japan is gaining control of China, Senator Lodge said, and he predicted that she would use China's vast man-power to endanger the safety of both America and Europe.

"It is impossible to see, said Senator Lodge, how any conscientious American can consent to any act or treaty that will extend the power of such a nation as Japan over a country like China, especially when the United States deliberately drew China into the war with at least an implied if not an express promise to give assistance and protection at the peace conference.

"The principal argument made by those who sustained the delivery of control of Shantung to Japan is that Japan has promised at different times to return it to China. Whatever promises she has made were all marked by one vital omission. In no instance do I find that Japan ever fixed a time when she would actually return the province to its rightful owners. To determine what Japan is likely to do it is necessary to consider what she has done for 25 years."

Japan was charged by Senator Lodge with breaking innumerable pledges regarding her course in China and Korea; with violating the "open door" policy, he said, has been "steady, relentless aiming to get ultimate control of the vast population and great territory of China."

## A man's life — among men!

Reel them off—"Rio", Gibraltar, Ceylon, Yokohama—all the great ports of the world—are they only places on the map to you—or are they ports where you've gone sailing in from the high seas with every eye along the shore turned admiringly on your big ship—your ship! Every ocean has a United States ship sailing for some port worth seeing.

If you've any call in you for a full life—join, and color all your years ahead with memories of things worth seeing—with knowledge worth having—with an inexhaustible fund of sea tales and adventures picked up ashore and

afloat that will make you a welcome man in any company.

Work?—sure, and a man's work it is, among men.

Play?—well, rather, with a bunch of men who know how to play. These comrades of yours carry in their ears the sounds of great world cities, of booming guns, of swashing seas—sounds you will share with them and that will never die away.

And when you come home, you'll face life ashore with level eyes—for Uncle Sam trains in self-reliance as well as self-respect. The Navy builds straight men—no mollycoddles.

Enlist for two years. Excellent opportunities for advancement. Four weeks holidays with pay each year. Shore leave to see inland sights at ports visited. Men always learning. Good food and first uniform outfit free. Pay begins the day you enlist. Get full information from your nearest recruiting station. If you do not know where the nearest recruiting station is, ask your Postmaster. He knows.
